ARMOR HIDE WANTED.

"REASONABLE" PRICE EXPECTED

(A. P. DAY REPORT.)

WASHINGTON, June 4.—The Navy Department is about to issue advertisements calling for proposals for supplying face-hardened armor of the best type for battleships now building, for the protected cruisers already authorized, and for the three battleships provided for in the new Naval Appropriation bill. Having been assured that

much better terms could be extended by the armor companies if the contracts were for large amounts of armor, the department will test this by providing in the advertisement for the submission of bids of three classes, namely, for supplying 100 tons of armor; then for 500 tons, and finally for supplying 10,000 tons.

There is reason to believe that under the last provision, at least, the companies will offer to provide armor for less than the price of the armor itself. It is reasonable to expect that the armor will be sold at a profit, but it is also possible that it will be sold at a loss, in which case it will be regarded as a "reasonable" offer.

Americans Proved Their Worth at Catubig

Report On Attack, Siege and Relief of Garrison.

One of the Most Thrilling and Pictorial Incidents of the War.

(A. P. NIGHT REPORT.)
WASHINGTON, June 8.—Perhaps the most thrilling and pictorial incident of the Philippine war occurred at Catubig, on the island of Samar, where, April 15 last, a party of thirty-one United States Marines, led by Capt. J. T. Sweeney, held out for four days against a force of some 600 insurgents during four days of fierce fighting, reinforcements arriving just in the nick of time. The War Department has received reports from Capt. Sweeney and the other officers of the party.

According to the report, the attack on the garrison at Catubig began without warning on Sunday morning, April 15. From the hills all sides, from every point of vantage in the town and from a deserted church directly adjoining the garrison, the insurgents fired a continuous stream of bullets. The Marines were forced to take cover in the buildings and in the streets. The fighting was fierce and the Marines were badly wounded. The garrison was surrounded by the insurgents and the Marines were forced to hold out for four days.

Not until within a quarter of a mile of Catubig, says Lieut. Sweeney, did the Marines see the insurgents. They were then forced to take cover in the buildings and in the streets. The fighting was fierce and the Marines were badly wounded. The garrison was surrounded by the insurgents and the Marines were forced to hold out for four days.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, June 8.—(Exclusive Dispatch.) James H. Keene has gotten on the "bear" side politically as well as financially and is backing William Jennings Bryan for President in the coming campaign. Before he went abroad, Keene placed a bet of \$2500 against \$10,000 that Bryan would beat President McKinley, and he has since laid enough more at the same odds to bring the total amount wagered by him up to \$25,000.

Keene has amused those who know him by saying that the aggregation of wealth is a menace to the country and by offering that as a reason why he wants to see the Nebraska win. Keene left Wall street, a few weeks ago, for a short rest in Europe, with probably more money than he ever had before in his life.

GOLD DEMOCRATS TO WAIT.

ACTION BY OTHER PARTIES.

(A. P. M. REPORT.)
NEW YORK, June 8.—George Foster Peabody, chairman of the Gold Democratic National Committee, announced on the action of the Executive Committee.

"At our meeting last Friday we agreed that it would be wise for us to wait until after the Philadelphia and Kansas City conventions have been held before announcing what we intend to do this year. We will meet at Indianapolis three weeks after the holding of the Kansas City convention. By that time the declarations of both conventions will be made, and we will have some idea of what to expect in the future. Of course the question of candidates has been settled and we will have to wait until we know what to do. STILL TALKS OF DEWEY.

INDIANA DEMOCRATS' PLANS.

(BY DIRECT WIRE TO THE TIMES.)

INDIANAPOLIS, June 8.—(Exclusive Dispatch.) Indiana Gold Democrats have renewed the talk of nominating Admiral Dewey for President if the party determines, as now seems likely, to hold a national convention. It is being whispered among them that the name of the hero of Manila was informally discussed at a meeting of the Executive Committee in New York from which National Secretary John P. Frenzel has just returned.

Frenzel says the meeting did not reach the stage of the discussion of a candidate. While this is true, he was asked by several eastern Gold Democrats regarding the feeling in the West in reference to Admiral Dewey, and spoke of the admiration in which the latter is held. It is also said that Admiral Dewey represents the ideas of the Gold Democrats on the question of imperialism, and that he is not radical on the subject of imperialism, and that those views were spoken of at the Executive Committee meeting in New York, commented upon favorably by a number of members present.

MUZZLE HIS BOSS.

PILOT AGAINST HILLARY BRYAN.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, June 8.—(Exclusive Dispatch.) Bryan is to be asked to give his consent to a conservative platform at Kansas City in other words to drop his free coinage as an issue in the coming campaign. This request is to be made by none other than Senator Jones of Arkansas, chairman of the Democratic National Committee speaking through the press, but for hundreds of prominent Democrats throughout the country, including nearly all of the Democratic Senators, many Democratic Representatives, well-known State leaders in every section of the country, and last, but not least, the eastern Democratic organizations, represented by ex-Senator Hill and Governor.

This is the sensational news of the day in the political world. It probably means that Bryan will yield to his party supporters and consent not only to the adoption of a moderate platform at Kansas City, but to the subordination of the silver issue in the campaign.

Senator Jones leaves Washington next Sunday for Chicago, and in the latter city will meet Bryan and hold a conference with him. Jones told some of his colleagues today that he expected to succeed in his mission. During the last week Democratic Senators have carried on a series of political conferences in the cloakrooms. They have also been in correspondence with leading party men in their respective States. They have secured hundreds of expressions of opinion, and all these Jones is prepared to lay before Bryan at Chicago.

Senator Jones will not ask Bryan to abandon the Chicago platform for any principle contained in it. He will not ask Bryan to stultify himself, nor to do anything contrary to the rules of good faith, sincerity and self-respect. But he does contend that the reaffirmation of the Chicago platform can be put in language which will not alarm the country, and which will permit the Democratic party to reunite and perhaps win. Chairman Jones, thus armed with the endorsement of Democratic Senators and Democratic opinions, will be prepared virtually to offer Bryan the Presidency, or, at least, a very good chance to win it, but he will adapt himself to the new conditions.

Among the arguments which Senator Jones will use the Oregon elections. The result of the election in that State proves conclusively that the Democratic party must carry New York, if it is to win the Presidency. It cannot expect any gains in the West. It cannot probably hold its own in that region. The silver issue is no longer potential, even in the West. It is fatal to Democratic hopes in the

East. Then, why cling to it? Is this the query.

KEENE BACKS BRYAN.

TWENTY-FIVE THOUSAND.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, June 8.—(Exclusive Dispatch.) James H. Keene has gotten on the "bear" side politically as well as financially and is backing William Jennings Bryan for President in the coming campaign. Before he went abroad, Keene placed a bet of \$2500 against \$10,000 that Bryan would beat President McKinley, and he has since laid enough more at the same odds to bring the total amount wagered by him up to \$25,000.

Keene has amused those who know him by saying that the aggregation of wealth is a menace to the country and by offering that as a reason why he wants to see the Nebraska win. Keene left Wall street, a few weeks ago, for a short rest in Europe, with probably more money than he ever had before in his life.

GOLD DEMOCRATS TO WAIT.

ACTION BY OTHER PARTIES.

(A. P. M. REPORT.)

NEW YORK, June 8.—George Foster Peabody, chairman of the Gold Democratic National Committee, announced on the action of the Executive Committee.

"At our meeting last Friday we agreed that it would be wise for us to wait until after the Philadelphia and Kansas City conventions have been held before announcing what we intend to do this year. We will meet at Indianapolis three weeks after the holding of the Kansas City convention. By that time the declarations of both conventions will be made, and we will have some idea of what to expect in the future. Of course the question of candidates has been settled and we will have to wait until we know what to do. Or, of course the question of candidates has been settled and we will have to wait until we know what to do."

"We want to see what the Republicans have to say on what is called 'imperialism,' and then, again, the Republican, under plan may not be satisfactory. The same reasons apply to the convention to be held in Kansas City. It may be found that the exact situation it would not be wise to commit ourselves to any policy."

GROVER IS OUT OF IT.

NOT INTERESTED IN POLITICS.

(A. P. M. REPORT.)

PHILADELPHIA, June 8.—When Grover Cleveland was asked what he thought of the recent letter of E. C. Benedict on the need of a new political party, he replied:

"Mr. Benedict has a perfect right to assert himself, and what he says has no bearing whatever on me. I do not know what Mr. Benedict really did say in his letter, because I am not bothering much about politics just now. There has been no time when I have given less attention to politics than I do now."

COLORADO DEMOCRATS.

DELEGATIONS THROWN OUT.

(A. P. M. REPORT.)

DENVER, June 8.—After two days session in convention and an all-night sitting of the Credentials Committee, a vain effort to reach a satisfactory arrangement between contesting delegations from this (Arapahoe) county, the Democratic State Convention late this afternoon, by an almost unanimous vote, decided the contest by throwing out both delegations. Within an hour after this action was taken, the convention had finished its labors and adjourned.

The delegations from Arapahoe county were headed respectively by Gov. C. C. Thomas and Thomas H. Nelson, chairman of the County Central Committee, and these two were both made delegates-at-large to the Kansas City convention. The national delegates were instructed for Bryan and the reaffirmation of the Chicago platform.

TWO COMMITTEE REPORTS.

(A. P. M. REPORT.)

DENVER, June 8.—The first thing before the Democratic State Convention this morning was the report of the Credentials Committee. Two reports were submitted. The majority report favored the seating of the Thomas delegation, but made no argument in support of its recommendation. The minority report, signed by twenty-four delegates, favored the seating of the Nelson delegation, but made no argument in support of its recommendation.

UNNATURAL FLESH.

Reduced by Leaving off Coffee and Using Postum Food Coffee.

"I have used coffee many years; in fact, even since I was a child, until a few months ago I became satisfied that it hurt me—caused the miserable drowsy feeling and the bloated condition of my body. I was very fleshy all the time, unnaturally fleshy."

"Since I left off drinking coffee, and use Postum Food Coffee, the effect has been wonderful. I feel like a different person. The bloating has all gone. I am very much thinner and more natural. I have a better appetite and do not feel sleepy and drowsy as before. I shall never use any more regular coffee."

"When I first told Postum, I was not satisfied with it, but decided that the fault must be my own, for so many people used Postum and liked it that I knew there was some trouble in my preparation of it, so I examined the directions carefully and found that I should boil it long enough to bring out the full value. When I did this, I prepared it right, it was elegant and I am more than pleased with the delicious beverage I have for breakfast every morning." Mrs. E. M. Pope, 1158 St. Detroit, Mich.

sections, the seating of both Thomas and Nelson to the national convention, the appointment of a committee to decide the controversy between the two factions, and the adoption of rules by the State Committee, which shall govern the selection of delegates to future conventions, and thus make trouble of this kind impossible. This was amended to give each delegate half a vote. After voting to permit one speaker from each of the contesting delegations to address the convention for thirty minutes, the convention took a recess until 2 o'clock.

SIMON PURE SOCIALISTS.

INSTRUCT DELEGATE TO PARIS.

(A. P. M. REPORT.)

NEW YORK, June 8.—The Socialist Labor party, Daniel De Leon faction, which has been in session in this city since last Saturday, was continued today. A motion was adopted that the delegate of the party to the International Socialist Congress in Paris in September be instructed to demand that the principles and tactics advocated by the Socialist Labor party be adopted by the congress as the proper principle of all Socialist parties in Europe, so far as the industrial, political and economical conditions permit.

A motion by De Leon was adopted, declaring that if any Socialist party from this country were to attend the Paris congress, the Socialist Labor party delegate protest against his being seated, and should he be seated, that the delegate request that he be allowed to sit apart "from any such impure delegation."

REICHSTAG RAISES STAMP DUTY.

BERLIN, June 8.—In the Reichstag today after a debate on the amendment to the stamp law, necessitated by the increase in the navy, it was agreed to raise the stamp duty on home shares to 2 marks and on foreign shares to 3 marks, and to increase the duty on stamps on mining enterprises.

There is yet no clue to the robber who secured \$4000 at the New Orleans police Thursday.

A mother and daughter sat side by side in the prisoner's dock of the police court, yesterday, as the renowned, questionable resorts in the company of a woman of the same name. The mother was apparently about 40 years of age. The daughter did look older than 14, although she

next birthday. The girl was a figure and fair of face. Both prisoners were well dressed and looked decent out of place in the pen, where the scum of society is wont to gravitate. Her husband was a Jew, who in a box at the Vienna Buffet, the day night, and thinking she was young to be in such a place, he used to tell her that she was a "kiss," nicknamed "Blimmy," who is known as a harpaker at Charley Barakoon, was with her, and object to the officer's interference. These other prisoners, who were in the box with another harpaker, came forward and told the officer that the woman's daughter was very old and to take care of her. The officer told the woman that if she had any reason for herself she would not bring her daughter to such a place.

Their escorts left the saloon, but Larson kept them in view until he could disappear in a North Main street doorway. He then returned and asked of persons in search of a man. With the assistance of another policeman, Officer Henderson routed out the saloon and found Larson and Mrs. Wilson and her male companion out of another, and took the whole party to the Police Station where they were placed under the charge of vagrancy, but they were released as they had not committed any offense in the eyes of the law.

Mother and daughter were taken court yesterday afternoon, but in consultation with Deputy District Attorney Chambers, the arrest of Larson was decided not to file any complaint against them. The mother was subjected to a severe lecture for as-

careless, and after both were warned keep away from questionable resorts in the future, they were discharged. The mother of the girl, however, twice assaulted her present husband, an iron-worker living on Washington street. The daughter was the wife of her first marriage. The mother was arrested last night on the street with her daughter, alleged neglect abuse by her husband.

POLICE COURT NOTES.

DIFFERENCES ADJUSTED.

C. V. Wreden and Felix Levy, butlers, had a little difficulty over a bill rendered for a dinner which was justified in the Police Court yesterday. Wreden took off his coat while he was arguing with Levy and threatened to make beefsteak of the latter's

Levy didn't wait for the butcher's begin. He hid himself to a law court where he would be safe from the threats. Wreden had to pay \$1,000 to take the sting out of his beastly wife. F. Cervantes, a Mexican leather carver, was in court to answer charge of unlawful chastisement of spouse. The wife had filed a complaint for battery against her husband. Cervantes exercised a little bit of Valencian diplomacy in the case that wife relented and agreed to withdraw the complaint if the court would grant her \$1,000. Valencians are sure of their own strength. Little domestic misunderstanding, it was had been satisfactorily adjusted in court, and justice was done. Cervantes ordered no complaint drawn on payment of costs. Cervantes' wife have had divorce proceedings.

CHARTER BUILDERS.
fteen Freeholders Nomi-
nated by Convention.
Socialists Claiming for Recognition.
Independent Nominees Probable.

The charter conference held its sec-
ond meeting last evening in the assembly
room of the Chamber of Commerce.
In accordance with the plan
announced at the first meeting on Mon-
day, June 4, named fifteen candidates
for the prospective board of Freehold-
ers are to build a new charter for
the city of Los Angeles.

At the initial meeting there was
a debate as to the manner in which
the conference business were to be
conducted. After many discussions on

"Imperative Mandate," the "Initiation and Referendum" and any kind of election from the alleged reformers. It was decided that each of the seven reformers represented by the National Reform League should be allowed to name one candidate, making fourteen in all. Fifteen nominees to be selected by the entire conference as a candidate for the coming election.

While such a plan was adopted by a large vote, it did not meet the favor of the majority among the voters. It was pointed out that such a procedure would deprive the majority of citizens in general of the right of choosing a representative for a future legislature.

It was argued, the Council of the League and the Socialist Union, that they and the Reformers on the ticket, would be partisan in their action, considering their entire attitude toward the present government. A considerable time in the discussion was devoted to the question of their radical principles.

It was decided to leave the matter of amendment of the voters if incorporated in the proposed constitution, and the question was carried over to the next meeting.

The Bar Association named American N. P. Convey and J. A. Anderson. The nominees called for the cause of the several parties to the convention.

The committee of seven held a brief meeting immediately at the close of the session, and then adjourned. The committee was requested to draw up the necessary resolutions and position. The committee will meet at 12:30 p. m. on Monday, June 12, to make final arrangements for the proper circulation of the resolutions and other matters. The committee will also be asked to select the nominees before the voters' election at which the board of trustees will be elected. The new city charter will be held on Friday, July 7. The City Council will meet on Monday, June 11, to consider the proposed ordinance to that effect. The names of the candidates for the board of freemen must be filed with the names of the freemen.

percent of the voters were cast ballots. The election results and must be filed before July 1.

Proponents expressed by numerous of the conference and the leaders of the conference said that last night, it is very probable that many independent nominations will be made. The school teachers of the city are very anxious to elect a representative on the board of education, and they are very anxious that there will be at least four or five nominees. The last named one is a very prominent and successful businessman, and he is very anxious to evening to distributing among the people a pamphlet entitled, "A Businesslike City Charter, by J. Gayton Wilshire."

While fishing from a boat in the Ohio River near Economy, Pa., W. H. George, aged 41, and his son, George, aged 11 years, were drowned yesterday.
